Project Update

SR25 Hoosier Heartland Highway
Lafayette to Logansport
DES# 9802920

May 2008

The SR25 Hoosier Heartland Project originally scheduled for 2010-2014 in the Major Moves Plan could be moved to an accelerated schedule. On February 14, 2008, Governor Mitch Daniels announced an accelerated timetable for the Hoosier Heartland Highway. It is now the goal of INDOT to begin construction on the highway in the Fall of this year and complete major construction activities by Fall, 2013. Governor Daniels stressed in his announcement that this schedule is very aggressive and will only be attained barring any unforeseen challenges during permitting and real estate acquisition. The project management team will do everything they can to realize the proposed schedule as shown below. Each color represents a segment, while the different shades represent a phase of that segment. It should also be noted that this schedule could still change as INDOT and its agents continue to determine specific project challenges that will require adjustments.

Questions and Answers

Q: How is right-of-way acquired by INDOT?

A: Log on to www.fhwa.dot.gov/realestate/realprop/index.html

Q: What happens if my house or business must be removed from the new right-of-way?

A: Log on to www.fhwa.dot.gov/realestate/rights/index.html

Representatives Available for Community Meetings

If your small group or organization would like a brief presentation or Q&A session about the SR 25 Hoosier Heartland Highway, please contact the project facilitator:
